

Worldwide Distribution Network

Westerbeke Corporation has the most comprehensive line of marine diesel and gasoline generators and engines available. To support the product line, Westerbeke has established an extensive distribution network consisting of over 60 Authorized Distributors/Dealers overseas. Domestic Master Distributors have recruited and trained over 600 Westerbeke Authorized Dealers in major navigable waterways in the U.S.

Master Distributors are fully responsible for maintaining Westerbeke sales and service in their assigned territories including warranty administration. Each Master Distributor is well staffed technically, and maintains substantial inventories of genuine Westerbeke products and parts to provide customers with prompt and efficient service.

For the Westerbeke dealer nearest you, please contact the Master Distributor covering your territory. We're sure you'll be very pleased with the service.
